Patient Name: _____ DOB: _____ Date: _____

Non-medical social needs, or social determinants of health (SDOH), have a large influence on an individual's health outcomes. For us to have a significant and lasting impact on the health of our patients and communities, we must address the needs of patients outside the clinic walls. To help us better care for you and achieve optimal health outcomes and whole-person care, please answer this short questionnaire. Thank you! – Prime Healthcare Physician Services
